- Full time role - large existing patient base
- Beautiful South Coast location with the beach at the door!
- Professional, friendly team and strong income building potential.

Full Job Description

This is a unique opportunity for an experienced dentist to join a busy, growing dental practice in Vincentia with an existing patient base. Achieve your work/life balance now!

About the Practice:

Vincentia Dental SmileCo is based on the beautiful South Coast in Vincentia, Jervis Bay. With over 30 years of established presence, we pride ourselves on delivering excellence in service. We provide our patients a range of services in a comfortable and relaxing environment.

The two main dentists have more than 15 years of clinical experience each and are happy to help a not so experienced dentist transition into the practice. The dental assistants and front desk team are highly experienced and motivated in the success of the practice.

The practice has 4 treatment rooms, which allows for flexibility and a smooth workflow. The Planmeca dental chairs are modern and ergonomic. TVs on the ceilings help calm and entertain the patients, which allows for easier treatment. The various tools and gadgets available are intra-oral cameras, DSLR cameras, digital xrays, thermoplastic endodontics, implant motors and many more. A small on-site prosthodontic lab allows you to carry out minor repair work, if you choose to.

The various treatments offered at the practice are general check ups and prophylaxis, minor and major restorations, crown and bridgework, removable prosthodontics, dental implant placement and restoration, fixed orthodontics, myofunctional orthodontics, clear aligners, neuromodulator therapy, sleep apnoea therapy and more. The current dentists are happy to guide a dentist who wishes to gain experience in these fields.

With easy access to Sydney by road, Vincentia is surrounded by beaches and national parks and is a great place to achieve work/life balance. The practice is a short walk to beautiful beaches and part of a great community with a varied and continually growing patient base.

About the Role:

This is a long-term opportunity for an experienced, patient-focused dentist who is competent in all areas of general dentistry. You will require excellent communication and interpersonal skills with the ability to build patient rapport and trust easily. The successful candidate will have a welcoming, compassionate manner with patients, willing to listen to them to ensure optimum care is provided. With busy books, the right candidate will jump straight into a very productive role. Once settled, the right candidate has the potential to gross at least \$70K a month.

About you:

To be successful in this role you will need:

- A recognised dental degree with current AHPRA registration and full insurances
- Full working rights for Australia

- Have at least 2-3 years of Australian clinical experience
- Excellent communication skills and be patient-focused
- To be competent in all areas of general dentistry including crown and bridge, dentures (oral surgery would be highly regarded)
- To be a great team player with excellent patient management skills
- The ability to maintain accurate and detailed clinical records
- To be COVID vaccinated.
- To be ready to make the move to achieve a work/life balance and commence as soon as possible

This is a fantastic opportunity to take your career to the next level and achieve a work/life balance! We have a *relocation package available where required* to assist in your move to this beautiful location.
