DENTAL

Current opportunities - Specialist Dentist

Oral and Maxillofacial Surgeon, Paediatric Dentist, and Endodontist

About Harley Dental and Harley Day Surgery

Harley Dental and Harley Day Surgery is a successful and independent centre of dental excellence, based within the leafy North Adelaide medical hub in South Australia. Harley Dental is owned and operated as part of South Australia's largest privately owned dental group.

Harley Dental and Harley Day Surgery are home to some of the most respected and reputable dental specialists and clinicians in Australia, providing multidisciplinary specialist and complex dental solutions under one roof. Onsite services currently include clinicians in the fields of Prosthodontics, Periodontics, Dental Sleep Medicine and Orofacial Pain, and Orthodontics with plans to expand into other dental specialties.

The practice is recognised for its unique interdisciplinary approach to patient management and has a well-deserved reputation as a leader in the provision of a comprehensive range of dental services and support for the broader community.

Located in a three-story prestigious and elegant 19th century heritage listed building which has been purposefully and sympathetically refitted in 2021 to feature on-site fully equipped specialist clinics, 2 theatre suites for IV sedation and functional CSSD services in a best practice setting to streamline patient care, including spaces for onsite radiology and laboratory functions. The centre's commitment to quality and innovation is reflected by accreditation at the highest level.

The role

The positions available will suit an appropriately qualified and highly accomplished, Oral and Maxillofacial Surgeon, Paediatric Dentist, an Endodontist who can demonstrate a successful track record and respect from their referral network.

What you need to succeed

- The ideal candidate will have either worked or aspire to work in a multidisciplinary environment with an ability to inspire others within the dental profession to advance their specialist skills and knowledge. An interest in scientific and clinical research would also be highly regarded. Amongst the higher-level interpersonal skills sought are diplomacy, credibility, authenticity, proactivity and a drive for excellence.
- Ability to obtain an AHPRA (Australian Health Practitioner Regulation Agency) registration as well as other compliance documents. Harley Dental will support the successful candidate throughout this process.
